

# SOLUTIONS FOR **SMART & SAFE** HOMES

- + Front Door Security
- + Smart Video Alarms
- + Indoor Cameras
- + Personal Trackers

**SAFE HOMES. SMART HOMES. FOR ALL.**

SECURITY OF YOUR FAMILY SHOULD BE  
**FAILSAFE**

## Welcome to TigerTech Smart Homes

TigerTech surrounds your life with a warm and secure embrace and brings fresh and vivid experiences to your home that are fun, make your life secure and are easy for your family to enjoy.

With TigerTech, all you need is just one touch to know who's outside your front door, or arm your security system, or Track your daughter who's coming home late.

And unlike all of it's competition, TigerTech is designed for India and is truly failsafe. It continues to secure your family even during power outages and can send emergency alerts and notifications, even if Wi-Fi fails.

The TigerTech System is an Eco-System of wireless smart sensors and connected devices including Doorbells, Alarm Systems, Cameras, GPS Trackers and others, which are all connected seamlessly and controlled by Apps on your Tablet or Smartphone. And that, is when your home truly becomes smart.

TigerTech brings together all these connected devices into your home to create a truly personalized experience to maximize your security, and also connects to 24X7 Emergency Response Services to give you complete peace of mind.

And finally, since we believe that Home Security & Automation should be enjoyed by one and all, TigerTech is priced for the Indian masses and is scalable, so it's easy to start small and grow your TigerTech System.

**Welcome to safer and smarter living.**

**+ FRONT DOOR SECURITY**

ANSWER YOUR FRONT DOOR WITH YOUR  
**SMARTPHONE**

**SMART VIDEO DOORBELL**

The TigerTech Smart Wi-Fi Video Doorbell is the 'eyes and ears' of your front door and allows you to see, hear, and speak to visitors at your front door on your Smartphone, whether you're at home, at work, or on vacation. It is a doorbell, a HD video camera, a motion sensor and an intercom phone - all rolled into one beautiful looking device.

When a visitor rings the doorbell, you receive an immediate notification and can see your visitors in clear 720P HD video, and hear and speak to them with two-way audio – as long as you are connected to Wi-Fi or mobile internet. If you want to let them in, simply press the 'unlock' button on the same screen to open your Smart lock. (Optional)

**+ SMART VIDEO ALARM**

NO POWER. NO WIFI. NO PROBLEM.

INDIA'S FIRST

# TRULY FAILSAFE

HOME SECURITY & VIDEO ALARM SYSTEM

**SMARTCAM PLUS VIDEO ALARM**

The TigerTech SmartCam Plus, with **Battery Backup and 3G SIM Card Slot** is the **Only Stand-Alone and Failsafe** Video Home Security Alarm & Monitoring System in India.

It is designed for video security of homes, offices, and shops and is an entirely failsafe device designed for Indian conditions.

The SmartCam Plus streams live video on demand, has a powerful PIR based Motion Sensor to detect movement. If any activity is detected, it instantly sends you an alert, an SMS, and also makes a phone call on your Smartphone. It also send you a 15-second video clip of the incident. It's advanced Night Vision Technology enables you to monitor the darkest rooms with absolute ease.

It works on power but also has a built-in battery, which keeps the system working even during power failures. It can connect to Wi-Fi but also has a 3G SIM slot that provide video streaming even if your Wi-Fi shuts down.

SmartCam Plus is simple to use and can be set up in less than five minutes, making your life completely worry free.

The SmartCam Plus can also help you to manage your home or office staff, and check on your children, pets, and the elderly at home.

# + INDOOR CAMERAS

MONITOR YOUR HOME FROM YOUR  
**SMARTPHONE**

**SMARTCAM HOME VIDEO MONITOR**

The TigerTech SmartCam is designed to monitor your home or office and help you keep in touch with your family and staff. View live video streams on-demand, in stunning 720P HD quality with 110 degree wide-angle view and 4X Zoom, on your Smartphone.

The camera has a built-in infrared night vision to help you see and record in absolute darkness too. You can also use the built-in microphone and speaker to initiate 2-way video calls to your Smartphone, with the built-in "Call" button.

The motion detector can also be used to send you an alert if any untoward incident is noticed. It streams and records video and pictures on demand on a local 32GB Card.

Widely used to monitor homes and offices, use the SmartCam monitor your staff and check on your children, pets, and the elderly at home.

The SmartCam ensures that the safety of all that you hold dear is never compromised, even when you are at work, traveling or just busy.

**+ PERSONAL SOS TRACKER**

WHEN EMERGENCY STRIKES  
TRACK AND HELP YOUR LOVED ONES ON YOUR  
**SMARTPHONE**

**SMART TRACKER + SOS BUTTON  
WITH BUILT-IN PHONE**

The TigerTech Smart SOS Tracker is a Stand Alone, Personal Security Device, that looks like a piece of jewelry and combines a multi-modal GPS Tracker, a Cell Phone and a SoS button into a single miniature device.

The Tracker works on a SIM card that allows it to be tracked anywhere in the world through a Smartphone App. In case of any emergency, press the SoS button and the Tracker will immediately send your exact location to your family and also call pre-designated emergency numbers for a 2-way phone call. Your family can also dial into the Tracker and choose to discreetly listen in case you are having any trouble.

The device supports GPS, LBS and Wi-Fi positioning. While GPS is mainly for outdoor positioning, LBS and Wi-Fi are for indoor positioning.

TigerTech allows you to draw a virtual fence on the App around any area on the map and the Tracker will automatically alert you if your family exits that geofence.

With the SoS call button, and the 2-way call function, you can always call your family or emergency contacts discreetly if you are ever in an emergency situation. They will also receive an alert and will be able to track you in real time.

The TigerTech SOS Tracker keeps a record of the routes travelled for 3 months. You can check these records through the App on your Smartphone.

The SOS Tracker ensures the safety and security of your Kids, Senior Citizens, Pets, People working late hours, and any valuable assets.
